Stena Line's overnight ferries offer two restaurants, a shop and even a cinema. If you take an overnight ferry to Hook of Holland with Stena Line, why not start the day the right way: wake up and enjoy breakfast onboard.

When you travel on one of the overnight ferries, you'll have your own [ensuite cabin](#), which now features new high quality mattresses. And with entertainment facilities at your disposal, you'll find plenty to keep you occupied on the overnight ferries if you're not quite ready to sleep just yet.
